

# Infectious Diseases Protocol

**Organisation Name:** U3A Ballina/Byron Inc

**Plan completed by:** Sue Bell OAM, Secretary

**Approved by:** U3A Management Committee      **Date:**

**Next review of this plan:** End of 2022

## Preamble

This protocol has been developed to protect the wellbeing of Tutors, Members and Guests attending U3A Ballina/Byron Inc classes, meetings and social events, given that our demographic includes elderly members who are most vulnerable to infections. The protocol is written to cover all infectious diseases including the current and future Covid-19 strains, influenzas and any medical emergency defined by the Australian Federal Government or the NSW Government.

## Protocols

U3A Ballina/Byron Inc strongly recommends that Tutors, Members and Guest:

- Inform the office if they believe they have attended classes or events whilst infectious;
- Be full vaccinated as per Government Health recommendations;
- Stay home if unwell;
- Continue to use hand sanitiser;
- Wash hands frequently
- Use their own mug;
- Bring their own pen.
